

## V-Sites Web Site and Hosting

Capture more of the growing online travel market and increase revenue and RevPAR with V-Sites.

At VIZERGY<sup>®</sup>, we know that each client is unique with different needs and budgets. To further expand our wide range of services and offer another design option to our clients, VIZERGY has created V-Sites, a set of innovative, new Web site designs templates. With V-Sites, we offer a cost-effective alternative with the same level of excellence we have always provided to our clients. Our goal in developing V-Sites is to give you an aesthetically pleasing, content-managed, user-friendly Web site system that has an added advantage – the ability to launch faster than a typical Web site design.

### V-Sites Web Site and Hosting Features:

- Uses several design layouts that encompass both brand and non-brand hotels
- Developed with the goal of maintaining simplicity in design and process to best accommodate your needs
- Allows you to manage and edit content on your site as you feel necessary
- Easy to customize your photos, site news and help menu specifics to meet your property's needs and ensure your best possible Web presence
- 13 total pages
- One photo gallery page
- Flash header on home page
- Faster launch time
- WebTrends analytics
- Hosting services and 10 email addresses
- Simple to add VIZERGY's SECURE-RES<sup>®</sup> Internet Booking Engine and/or SEO

### The VIZERGY Advantage

VIZERGY offers high-impact, strategic Web site design with a singular focus on the hospitality industry. The V-Sites program is another way we continue our commitment to our clients. We strive to give you a competitive edge in today's complex marketplace. Our goal is to empower you with proven strategies to drive revenue and move market share while keeping current with market conditions and trends. Let us show how we can help you maximize your most powerful sales channel – the Internet.
