Pacifica Hotel Company

Flash Navigation - \$400

Take your site to the next level with Flash navigation. With the mouse-over effect, the site takes on a more sophisticated feel, technologically advanced appearance, improved usability and customized special effects.

Flash Header - \$650

Hit your target audiences with your key marketing campaign message in a compelling site header that incorporates three rotating images and power phrases that help promote your property’s most appealing features and characteristics.

Flash Photo Gallery - \$550

This feature allows photo images to tell your property’s story in a powerful way. Your potential customers will easily navigate through a gallery of 16 beautiful and professionally created photos depicting the atmosphere and amenities your property offers.

Interactive Maps - \$2,850

A perfect way to provide guests the opportunity to explore the area surrounding your property, interactive maps are also an excellent means of highlighting your property’s floor plan or campus.

Flash Menu - \$1,150

Site visitors will appreciate the ease of navigation this animated dropdown menu offers as it opens from the main navigation bar. The site structure is very user-friendly and provides for a more polished, custom appearance.

Looping Video - \$650

The use of looping video with its emphasis on environmental characteristics (water, clouds, sunsets, etc.) provides a beautiful visual element that helps set the tone and atmosphere of your property and the surrounding area.

Flash Games – Custom Quote

Make your site fun and they will continue to come back! The interactive component is perfect for a children’s area or a casino site.

Flash Mini-Site – Custom Quote

Moving beyond copy content and photos with the focus on selling the overall experience, a flash mini-site is an effective tool to promote a luxury spa, unique features and special packages.
