

“V-Sites are designed to provide the ultimate in flexibility and content while utilizing a solid modular process as a foundation. This fully integrated use of content-managed components and rich media mapping gives properties an aesthetically pleasing and user-friendly platform for a successful Internet marketing campaign.”

Joel Carver | VIZERGY Senior Vice President
of Sales and Marketing

Capture more of the growing online travel market and increase revenue and RevPAR with V-Sites.

At VIZERGY[®], we know that each client is unique with different needs and budgets. To further expand our wide range of services and offer another design option to our clients, VIZERGY has created V-Sites, a set of innovative new Web site designs. Through V-Sites, VIZERGY offers a cost-effective alternative with the same level of excellence we have always provided to our clients. Our goal in developing V-Sites is to give you a fully content managed, user-friendly Web site system that has an added advantage – the ability to launch faster than a typical Web site design.

V-Sites Features
